

HOLD HARMLESS AGREEMENT

CUSTOMER AGREES TO THE FOLLOWING:

1. The undersigned has been informed and understands that the fiberglass pole they are being provided by Catoma to repair their Catoma products is potentially dangerous to handle and could cause serious personal injury when being handled.
2. The undersigned understands that the poles are coiled and packed under tension and extreme care should be taken in cutting loose and unrolling the poles.
3. The undersigned has been advised that gloves and eye protection should be worn at all times while handling the poles.
4. The undersigned understands that any damage to their product(s) or other property caused by their mishandling during repair is the responsibility of the undersigned and not Catoma.
5. The undersigned understands that Catoma will make an exception to current policy to provide replacement poles to undersigned for self-repair of product at the undersigned customer's request.
6. The undersigned will hold harmless MMI Outdoor, Catoma, and all affiliated entities in the case of personal injury or death caused by the poles provided by Catoma in this unique case.
